

## CHURCH CELEBRATES 130TH ANNIVERSARY

West Presbyterian Begins  
Services to Continue  
Five Evenings.

Impressive services commemorative of the 130th anniversary of the West Presbyterian Church, the oldest Presbyterian organization in the District, began today and will continue each evening until Thursday, when a special organ recital by Prof. G. Thompson Williams will be given.

The Rev. Samuel H. Howe, pastor of the church, preached at the services this forenoon. He was pastor of the church from 1872 to 1883, and his sermon was in part a recital of the spiritual good achieved by the church since its organization. Anthems were sung by the young people's chorus.

A fellowship service, at which the Lord's supper will be administered by Dr. James T. Marshall, the pastor, and Dr. Howe, will be held this evening.

Today is designated as "Home-Coming Day." Tomorrow evening will be devoted to the history and reminiscences of the church, Dr. Benjamin F. Bittner being on the program to deliver the historical address.

Reminiscences will be given by Dr. Howe, Dr. Joseph T. Kelly, and others. Letters will be read from the Rev.

David W. Moffatt, of Madison, Ind., pastor from 1870 to 1872; and the Rev. William C. Alexander, of Rosewell, New Mexico, pastor from 1883 to 1888.

A public reception will be held in the chapel Tuesday evening. Wednesday evening the regular prayer meeting will be held, and Thursday evening will be held the organ recital by G. Thompson Williams, organist of St. John's Protestant Episcopal Church.

The West Presbyterian Church was organized in 1780 under the ministry of the Rev. Stephen Bloomer Balch, who was pastor for fifty-three years. The first sermon was preached in a log hut on the site now occupied by the Lutheran Church at the corner of Wisconsin avenue and Volta place. A permanent location was later secured, and a brick church was erected at M and Thirtieth streets in 1821. Thomas Jefferson contributed \$5 toward the erection of the edifice.

In 1879 the location of the church was changed to P street, near Thirtieth street. Dr. Howe was pastor at the time of the removal. R. S. T. Cissel donated a chapel and it contains a tablet in its memory.

Until Dr. Marshall took the pastorate in 1908, the church has had eleven pastors. Only three are now living. They are Dr. Howe, Dr. Moffatt, and Dr. Alexander.

## DIAZ WARPS TAFT ABOUT LYNCHING

Message Says Countries Are  
Friendly, But Hints At  
Desire for Satisfaction.

(Continued from First Page.)

American, on a charge of killing a four-year-old Mexican boy, and wounding a girl, during a riot in which his house was attacked.

With the exception of President Diaz's message, the State Department today received no message from its representatives in Mexico bearing on the situation.

"It is Government has only a consular agent at Guadalajara, and as yet, nothing has been heard from his regarding Carothers' arrest."

Shot Boy and Girl.

Carothers is said to have killed a boy named Jesus Loza and wounded a girl named Prudencia Chavez, and the reports say, had it not been for the prompt action of the officials in arresting him he probably would have been lynched by the mob.

It was intimated in State Department circles that the Government may ask damages for the American citizens residing in Mexico whose property has been destroyed in the riots.

It is pointed out that should Rodriguez be discovered that he has been American born the Mexican government will have no claims whatever against this country, and all the grievances will be on the side of the United States.

## POLICE IN A PANIC AT WAVE OF CRIME

Murder, Assault, and Rob-  
bery Cases Alarm Chi-  
cago Officials.

CHICAGO, Ill., Nov. 12.—A hasty consultation was called early today by Chief of Police Stewart with his lieutenants, Assistant Chief Scheuttl and Capt. Stephen D. Wood, commanding the detective bureau.

Nothing could be learned from the officials before going into consultation, but it was said that it was called by the chief to devise some means to stop the wave of crime which still rolls on unabated, leaving dead and dying in its path, and which has only been equaled by the reign of the car-ban bandits in 1904.

As a consequence of the present reign one of the bandits has been killed, and has also a policeman, and at least a score of persons have been wounded.

The latest crime attributed to them is the probable fatal shooting of William Hurd, on Sedgewick street, when he refused to hold up his hands quick enough to please the highwaymen. The men, before this shooting, had held up a number of persons on the north side and were apparently working their way back to their supposed headquarters on the banks of the Desplains river, when this shooting took place.

The other shootings credited to the men are: Sebastian Kowalczyk, saloon keeper at 421 Marshall avenue, on November 11, dead; Albert Treiak, boarding-house keeper for Kowalczyk,

shot in abdomen while trying to protect Kowalczyk, cannot survive; Policeman Kane (dead), shot by bandit when he tried to stop their flight from a saloon, where they had held up and had shot Louis Belmont, owner of the saloon, and Fred Cobb and Mrs. Nellie Zoller, patrons; Paul Marshall, bartender, severely beaten over head, locked unconscious in back room of his saloon, 368 Grand avenue; Miss Stella Labelle, 363 Michigan avenue, who reported that burglars had robbed her mother's residence of jewelry worth more than \$5,000 late last night.

## WOMAN IS BLINDED BY DYNAMITE CHIP

BRISTOL, Va., Nov. 12.—Mrs. Della Hart, young married woman of Russell county, Va., has lost her eyesight as a result of an explosion of a small piece of dynamite which she swept into the fire.

The physicians here today removed one eye and the other is affected so that she will be blind.

## To Break Up a Cold In Twenty-Four Hours!

CURE ANY COUGH THAT IS CURABLE

Get from the drug store, and mix together in a large bottle, 2 ounces of glycerine, 8 ounces of pure whisky and 1/2 ounce of virgin oil of pine. Shake well, and take a teaspoonful every four hours. It will quickly heal any irritation of the mucous surface in throat and bronchial organs.

This formula was used and recommended for many years by the late Dr. W. A. Leach, who claimed it would break up a cold in twenty-four hours and cure any curable cough. The well-known healing properties of pine, in its action on the respiratory organs, are present in the genuine virgin oil of pine. This, combined with its absolute freedom from opiates and narcotic drugs of any description, makes it an invaluable remedy for the family medicine chest.

In the case of young children, a drop of the pine on a little sugar provides a pleasant as well as effective remedy for coughs and colds. Oil of pine is also frequently used in this way by preachers and public speakers, to relieve hoarseness and other affections of the vocal organs. Its effect is almost instantaneous. The genuine virgin oil of pine is put up in half-ounce vials for dispensing through druggists, and prepared only in the laboratories of the Leach Chemical Co., Cincinnati, O., who guarantee its freshness and purity.
